

# St Gregory's Catholic Primary School

## Feedback from Parent's Open Afternoon: 25<sup>th</sup> November 2016

Parents and carers were invited into school in the afternoon to see their children learning and to share their learning journeys as recorded in their books. They were asked to write a comment to their child which will be stuck into the child's book as a surprise for them, as well as offer the school some feedback. Below are some of the school feedback comments received...

Thank you for inviting us to see such wonderful work. I've really enjoyed it.

We were really pleased to be able to see some of the work our child has been doing, and can see that she is doing well with her learning. Thank you!

There is a lovely atmosphere in the class. All the children are excited but they know what they are doing and they are very focused on getting it done. Well done to them all.

I love that we are welcomed into the school to see the progress! A lot of hard work is seen from the teacher and her learning

My child has really improved with his reading skills this year so far. He is enjoying reading at home too.

I love the opportunity to come into school on open days. It's really good to see how well the children behave. A polite and happy environment.

It is really clear from your feedback and marking in her English book, how she is doing. It is pleasing to see that the children are encouraged to take pride in their work. My child was very keen to show me what they had been up to.

We think the new curriculum seems very positive and we like all the new work books.

Thank you for the opportunity to see my child's work. What a warm welcome from everyone.

We are extremely happy with our child's progress at the school and the way she is being taught. Communication between the school and parents is excellent.

Lovely classroom with lots of work displayed on all the walls. Happy to see that reading plays a major role. Very nice to see the current work/projects displayed as well. Lovely, friendly atmosphere in the classroom throughout.

My child is making amazing progress in his learning in the class and is always enthusiastic about his learning in school and at home.

My child has settled so well into Nursery. He is so happy and has matured.

Thank you for the open afternoon session. It's really nice to be able to see the work my child has been doing. A great start to his final year at St Gregory's and he had been so focused. Thank you for your hard work.

Very nice atmosphere in the Reception classroom and the children are so busy! Loved seeing all the work on the walls and how much they have already learned in such a short time.

I can't fault the level of learning. She is doing fantastic and loves school.

Very happy at how well she is getting on with her letters and reading.

Thank you for teaching my child the value of education.

Only positive things to say.

Continue doing what you are doing. The choices my child makes shows how much of an impact the school is having.

We think the new way of learning seems very positive and we are all enjoying Mathletics!

We see a big improvement and we know there is more to come.

My child is progressing well and we like the new topic format. Thank you for the curriculum information evening and for all your hard work in helping my child to grow.

Very proud of my child and how well she is doing. She loves her school and friends very much.

Loving the 'Great Green' board. My child is adamant he will get to 'Glorious Gold'. Can't fault anything. Thank you for making my boys learning journey exciting and fun.

My child thoroughly enjoys school, which in my opinion is half the battle done. Well done to all the teachers and staff.

Lovely to come in and see the classroom and the work. Can definitely see an improvement in my child's work.

Was lovely to see the children so happy at school.

Of the parents and carers that visited, 80 left feedback for their child and/or the school. Of those 80 comments for the school; 5 were concerned with an issue specific to the child which the class teachers will now follow up on. The remaining 75 were all very positive.
